BAIC

MAKE A RISKY STRIVE FOR VICTORY

NEW D50

- | PERFECT DESIGN
- | EASY CONTROL
- | ENJOYABLE DRIVE

PERFECT DESIGN

HEADLAMPS COMBINATION

Headlamps combination are designed for safety. In the premise of ensuring brightness, the Halogen high and low – beam headlamps have enhanced the penetration effect of the light. And the steering assistant light providing an optimized vision to the driver during turning at night.

DYNAMIC PRESENCE

The floating lines work with the sport elements to glide seamlessly through the air delivering a dynamic presence and better performance on the open road. The bright outlook also brimming with safety features, by moving the A column forward, the side front blind area is reduced which offers better driving view.

STYLISH TAILLIGHT

The roofline and waist line converge on the tail and compose a distinct rear wing. Its stylish tail shape takes design to the next level with eye-catching keyboard shape taillight. The features like these are the perfect way to brighten any drive and leaving a lasting impression.

EASY CONTROL

NEW D50'S ADVANCED CABIN IS EQUIPPED WITH TECHNOLOGY THAT KEEP YOU CONNECTED AND DRIVING WITH CONFIDENCE.

SMART SAFETY

Adequate Gear
With a powerful 1.5-liter engine, the D50 is equipped with D50 Performance matched by economical fuel consumption, so to Aisin is the leading manufacturer of CVT drive-by-type transmissions.

Security Systems
For safer driving, the new range of D50 is equipped with a range of 50 ABS power distribution system, safety systems, such as: anti-lock system ESP, electronic stability control (EBD), electronic brakes. And it all comes down to .HAC helping to climb heights Favor your feeling of safety on the road.

Advanced Techniques
Technology is the language of the times, so it is indispensable. This is what it achieves for you New through its modern equipment, similar to: the D50 steering wheel Multi-function, camera and rear sensors, system Push-button start, smart entry and cruise control. Than It gives you easy control and optimum driving experience.

SMART SCREEN

The 7-inch LCD display screen is customizable and easy to view from any angle and also gives you the data you need at a glance. The 8-inch suspending touch-screen provide a more convenience operation and better driving experience.

ENJOYABLE DRIVE

SPACIOUS CABIN

By body length of 4630mm and ultra-long wheelbase of 2670mm, the New D50 offers the space performance of a Class-A+ one, which spacious cabin comfortably fits your family and friends.

PREMIUM INTERIOR

New D50' s interior present you a comfortable and enjoyable riding space, and offers all good touches within your reach. The center console adopt a surrounding design that embrace your driving space , and the “piano key board” buttons sleeking touch sense highlight the top design quality.

TOP NVH PERFORMANCE

For your serene drive, New D50 use sound-softening materials and External sound insulation blocks to reduce, block and absorb road noise. The idle noise is 38 decibels, only 57 decibels at a constant speed of 60 kilometers per hour.
